### Star of the Week

Last week our 'Star of the Week' was

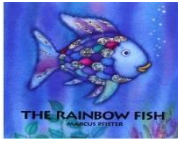

**Salena**

Well done, Salena! You have been doing wonderful role play in the 3 bears house.

### Story of the week

This week we have chosen Rainbow Fish. We have been talking about feelings and emotions, this a great story to show how to be kind to others.

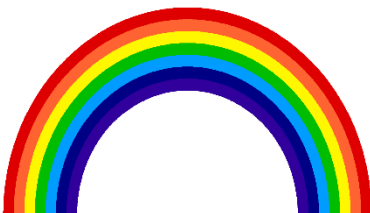

### Religious Education

This week we will be thinking about forgiveness. We will be listening to a story and talking about how it is sometimes hard to 'make up' or 'make friends again'

### Song of the week

'The rainbow song'

### This week we will also be:

#### Making rainbow fruit kebabs

We will be making simple patterns with the fruit. Maybe you could make a fruit kebab at home, making patterns with the fruit.

#### Printing with celery to makes scales

What else can you print with at home? Some ideas would be potatoes, carrots, cabbage and onions.

#### Weaving with strips to develop your fine motor skills.

Maybe you could try weaving with paper, card or ribbon. We would love to see your creations!

#### Colour mixing

A nice way to experiment with colour mixing is to paint each hand in a different colour and watch what happens when they mix them together. What colours can you make?

### PALS

This week we will be learning about 'overcoming fear and anxiety'. The children will learn that we all feel scared and worried at times.

### Junk Modelling

If you have any large empty fizzy drink bottles at home, we would really like to plant some seeds in them and watch them grow.
